

# COMPANY PROFILE

REVOLUNISING BUSINESSES WITH TURNKEY  
CUSTOMIZED SOLUTIONS

## MISSION

Blue Eagle Precision is dedicated to providing innovative IT solutions that empower businesses to thrive in the digital age. Our commitment to integrity, excellence, and collaboration drives us to deliver unparalleled customer satisfaction and positive impact through cutting-edge technology and exceptional service.

## VISION

Blue Eagle Precision aims to be the leading IT Solutions provider globally, recognized for transformative impacts on businesses. We aspire to lead with groundbreaking solutions, driven by innovation, expertise, and a passion for exceeding expectations. By fostering a culture of continuous learning and adaptation, we strive to shape the future of technology and empower organizations to achieve their full potential.

## OUR VALUES

### Integrity

Blue Eagle Precision upholds unwavering integrity, prioritizing honesty, transparency, and accountability in all interactions. Clients, suppliers, and employees trust in their commitment to ethical practices, fostering long-term relationships based on mutual respect and transparency

### Excellence

We consistently pursue perfection in precision machining and fabrication services, adhering to rigorous quality standards and leveraging cutting-edge technologies. Clients benefit from unparalleled workmanship and service, reflecting Blue Eagle Precision's dedication to excellence

### Innovation

Blue Eagle Precision thrives on innovation, continuously seeking advancements in technologies and processes. By embracing innovation, they stay ahead of industry trends, providing clients with cutting-edge solutions. Whether implementing advanced machining technologies or pioneering fabrication techniques, Blue Eagle Precision remains at the forefront of precision manufacturing

# OUR SERVICES

REVOLUNISING BUSINESSES WITH  
TURNKEY CUSTOMIZED SOLUTIONS

# 1

## ICT INFRASTRUCTURE DESIGN, IMPLEMENTATION, AND END-USER EQUIPMENT PROVISION

Blue Eagle excels in delivering diverse ICT services, encompassing structured cabling installation for LAN, WAN, and SDWANs. Additionally, we provide high-quality hardware solutions, including desktops, laptops, printers, toners, cartridges, cameras, phones, and tablets. Our team of skilled professionals guarantees meticulous installation of video tablets and other accessories, ensuring precision and attention to detail at every step.

# 2 UNIFIED COMMUNICATION AND COLLABORATIONS

At Blue Eagle, we offer comprehensive Unified Communication and Collaboration (UC&C) solutions designed to enhance connectivity, productivity, and collaboration within your organization. Our UC&C services bring together various communication tools and technologies into a unified platform, enabling seamless interaction and collaboration among team members regardless of their location or device.

## 2.1 MODERN WORKSPACE SOLUTIONS

Under our Unified Communication and Collaboration umbrella, we provide Modern Workspace Solutions tailored to meet the evolving needs of today's dynamic work environments. Our Modern Workspace Solutions include

**Smart Interactive Boards:** Transform your meetings and presentations with our state-of-the-art smart interactive boards. These innovative solutions offer advanced features such as touch screen capabilities, real-time collaboration, and integration with other communication tools for an immersive and productive meeting experience.

# SMART®

**Logitech Video Conferencing Solutions:** Empower your team to connect and collaborate effectively with Logitech's cutting-edge video conferencing solutions. Whether it's small huddle spaces or large conference rooms, our solutions deliver crystal-clear audio and high-definition video for seamless virtual meetings.

logitech 

Yealink

**Yealink Video Conferencing Solutions:** Experience the power of seamless video communication with Yealink's robust video conferencing solutions. From one-on-one video calls to large-scale virtual conferences, our solutions offer unparalleled reliability, security, and ease of use.

 poly

**Poly Video Conferencing Solutions:** Elevate your video conferencing experience with Poly's industry-leading solutions. With advanced features such as noise cancellation, facial recognition, and content sharing, our Poly video conferencing solutions ensure clear communication and collaboration across your organization.

## 2.2 IP TELEPHONY SOLUTIONS

In addition to modern workspace solutions, we offer comprehensive IP Telephony Solutions to streamline communication and enhance productivity across your organization. Our IP Telephony solutions leverage VoIP technology to deliver cost-effective and scalable voice communication services, enabling seamless connectivity and collaboration among employees, clients, and partners.

## 2.3 CALL CENTRE SOLUTIONS AND CRM SOLUTIONS

We provide Call Center Solutions integrated with Customer Relationship Management (CRM) tools to optimize customer interactions and improve service delivery. Our Call Center Solutions empower your team with advanced features such as call routing, IVR systems, call monitoring, and real-time analytics to enhance customer satisfaction and drive business growth.

Zoom Rooms and Microsoft  
Teams Cloud Call Centre

Call Centre CRM Systems

# 3 PHYSICAL SECURITY AND ACCESS CONTROL SYSTEMS

Our Physical Security and Access Control Systems provide advanced protection for your premises. With features like biometric authentication and video surveillance integration, we ensure only authorized individuals enter designated areas, enhancing safety and compliance.

## SURVEILLANCE CAMERAS

Our surveillance cameras are smart and intelligent, equipped with advanced features such as people counting capability, vehicle number plate recognition, and object and human sensors. With night vision capabilities, they ensure clear monitoring even in low-light conditions. Additionally, our cameras can create virtual fences and walls for enhanced security

**HIKVISION**  
TECHNOLOGY

**HIKVISION**

## ACCESS CONTROL SYSTEM

## VISITORS MANAGEMENT SYSTEM

Visitor Management System (VMS) designed to streamline the visitor check-in process, enhance security, and improve the overall visitor experience. Our VMS provides a modern and efficient solution for managing visitors, contractors, and guests entering your premises.

# 4 CYBER SECURITY SOLUTIONS

Cybersecurity solutions encompass a range of services and technologies designed to protect your organization from evolving cyber threats, including malware detection, intrusion prevention, and data encryption.

Together, these solutions provide a comprehensive security framework to safeguard your organization's assets and data, ensuring compliance with regulatory requirements and maintaining business continuity

## END POINTS SECURITY

Safeguard your network's endpoints with advanced protection measures, preventing unauthorized access and defending against cyber threats.

## PRIVILEGED ACCESS MANAGEMENT (PAM)

Control and monitor access to sensitive systems and data with our PAM solutions, reducing the risk of unauthorized access and insider threats.

## SECURITY OPERATIONS CENTER (SOC)

SOC provides round-the-clock monitoring and rapid response to security incidents, ensuring timely detection and mitigation of threats to your infrastructure.

# 5

## SOFTWARE , MOBILE APPS AND WEB DEVELOPMENT SOLUTION

We specialize in developing cutting-edge mobile apps, custom websites, portals, CRM systems, and web applications tailored to meet the unique needs of your business.

### MOBILE APPS DEVELOPMENT

Our team of experienced developers creates intuitive and feature-rich mobile apps for iOS and Android platforms, helping you reach your target audience and enhance user engagement.

HarmonyOS

### CUSTOM WEBSITES, PORTALS ,CRM AND WEB APPLICATIONS DEVELOPMENT

Whether you need a sleek corporate website, a customer portal, a CRM system, or a complex web application, we have the expertise to bring your vision to life. Our custom solutions are designed to align with your business objectives and provide seamless functionality and user experience.

### ERP SOFTWARE SOLUTIONS

Streamline your business processes and improve efficiency with our comprehensive ERP software solutions. From inventory management to financial reporting, our ERP systems are scalable and customizable to suit the unique requirements of your organization. These includes: Library Mangement System, Audio Recording and Transcription System.

# 6 ELECTRICAL WORKS AND POWER BACK-UP SOLUTIONS

**Power Backup Solutions:** We Ensure uninterrupted power with our eco-friendly backup options for offices, servers, homes, and security systems. Our range includes generators, UPS units, and solar energy systems. We assess your needs to minimize downtime and protect critical operations from power disruptions.

**Electrical Works:** From installations to maintenance and repairs, our team of skilled electricians ensures that your electrical systems are safe, reliable, and compliant with industry standards. Whether you require wiring for new construction projects or upgrades to existing systems, we deliver high-quality solutions that meet your specifications and budget.

# 7 OFFICE STATIONERY, FURNITURE, AND EQUIPMENT SUPPLY

We are your one-stop solution for all your office needs. Whether you require ergonomic furniture, comfortable seating options, or high-quality printers, we have you covered. Our services extend beyond just supplying; we also specialize in maintaining and servicing printers and accessories, ensuring smooth operations. Additionally, we provide a wide range of office stationery supplies to keep your workplace fully stocked and efficient. Count on us for comprehensive solutions to furnish, equip, and maintain your office space.

# 8 TECHNICAL SUPPORT & MAINTENANCE AS A SERVICE (MAAS)

Blue Eagle offers a comprehensive suite of services to keep your business running smoothly. From troubleshooting and repairs for office devices and network infrastructure to maintaining security surveillance systems like CCTV, our team ensures the reliability of your equipment.

Moreover, we provide robust data backup services and support for ERP and software systems, ensuring optimal performance levels and safeguarding critical information against unforeseen disasters. With our Technical Support & Maintenance as a Service (SaaS), trust that your systems are in capable hands, allowing you to focus on your core business objectives with peace of mind.
